

MUSCLECRAFT – 2012

RXT[®]-X[™] aS[™] 260

aS (Adjustable Suspension)

ALL-NEW Adjustable trim tabs

ALL-NEW Adjustable sponsons

ALL-NEW X-Gauge with boost indicator

Tilt, racing handlebars with A.E.S.™

Hinged seat

Make a huge statement without uttering a word on a watercraft that provides the best performance on larger bodies of water. Thanks to the fully Adjustable Suspension (aS) which can be calibrated for aggressive riding even in rough water conditions, the stepped hull to keep you glued to the water, and exclusive X-Package features.

SPECIFICATIONS

DIMENSIONS

Length	139.2" / 353.5 cm
Width	48.2" / 122.4 cm
Height	46.5" / 118.1 cm
Weight (dry)	975 lb / 443 kg
Rider capacity	3
Fuel capacity	18.6 gal / 70 l
Storage capacity	16.4 gal / 62 l

ENGINE

Type	1503 XHO Rotax [®] 4-TEC [®] engine
Intake system	Supercharged with external intercooler, 60 mm throttle body
Bore x stroke	100 mm x 63.4 mm
Displacement	1,494 cc
Compression ratio	8.4:1
Cooling	Closed-Loop Cooling System (CLCS)
Fuel type	87 octane – minimum 91 octane – recommended

DRIVE UNIT

Propulsion system	Sea-Doo [®] Direct Drive Jet pump
Jet pump	Aluminum, axial flow, single stage, large hub with 10-vane stator
Transmission	Electronic iBR [™]
Impeller	Stainless steel

ELECTRICAL

Ignition	Digital induction
Starter	Electric
Battery	12 V

HULL AND COMPONENTS

Type	S ³ Hull [™]
Color	Dayglow Yellow

iTC / **iBR** / **S³** / **CLCS** / **ECO**

STANDARD FEATURES

RXT-X aS 260

HULL AND COMPONENTS

iControl™	The “Brain” that integrates and controls all systems to create the best possible ride.
aS (Adjustable Suspension)	Allows the hull to move independently of the upper deck, isolating rider and passenger from the impact of rough water. Manual compression damping adjustment via the nitrogen remote reservoir into the glove box. Suspension spring can also be easily adjusted with tools under the seat.
S ³ Hull	Stepped, stable & strong. Lightweight material, ribbed and stepped. Creates a low-pressure zone to reduce drag for nimble handling and rail-tight cornering.
ALL-NEW Adjustable trim tabs	Easily adjustable, these tabs limit bow rise and improve parallelism to water. Also increase tracking in rough water conditions and provide more tunability.
ALL-NEW Adjustable rear sponsons	These stabilizers help you resist roll and lean in. They can be easily adjusted to 3 positions: Higher for more stability and looser feel; lower for less stability and more aggressive turning.
Touring / Sport mode	Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
ECO mode	This iTC™ function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
High-performance electric VTS™ (Variable Trim System)	Provides pre-set positions for quick settings when adjusting boat trim, maximizes acceleration and high-speed stability.
Reboarding platform with storage	Easy access to battery, fuses and storage.
Watertight, removable storage bin	Provides dry storage for luggage and necessities with easy access.
Tilt steering	4 adjustable steering angles for maximum ease and comfort.
iCatch™ bow cup	Equipped with a quick-attach device, this system helps to load and unload the watercraft from the iCatch trailer. Also secures the watercraft during transportation.
Ski tow eye	For easy and secure attachment of ski rope.
Interactive Multifunction Digital Information Center	Reports 32 key operating functions: Fuel level, Tachometer, Speedometer, Hour meter, ALL-NEW Boost indicator, Compass, Clock, Fuel consumption meter, Time/Distance to empty, Touring / Sport mode, ECO mode , VTS preset, Top/average speed/RPM, Lap timer, F-N-R indicator, Low fuel level, Low oil level, Low oil pressure, Low voltage, Overheat, Engine temperature, Water temperature, Hi voltage, Check engine, Sensor check, Battery protection, Key (wrong key), L-Key / R-Key, Maintenance info, Error codes.
Digitally Encoded Security System (D.E.S.S.™)	Industry's first digitally encoded theft-deterrent system.
Off-Throttle Assisted Steering (O.T.A.S.™)	Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
Hinged seat	Dual drain plugs
Quick latch fuel filler design	Engine access cover (removable)
ALL-NEW Bow stabilizer features	External exhaust cooling flush attachment
Bumpers	Wide-angle adjustable mirrors
Front splash deflector	Emergency floating lanyard
Swim platform carpet w/ Sea-Doo logo	Seat strap
Reboarding handles on rear platform	Operator's guide, instructional video and booklet
Rear grab handle	

X-PACKAGE

X-Coloration seat	Race-inspired design for comfort and great looks providing seating for three including spotter for watersports.
X-Handlebars with A.E.S.™ (Adjustable Ergonomic Steering)	The only fully adjustable handlebar in the industry. With A.E.S. the rider can adjust the handlebar width and grip for a fully customized ride.
X-Tra traction carpet	Exclusive diamond-plate pattern for unmatched traction and comfort.
ALL-NEW X-Gauge with boost indicator	Shows the boost pressure in real-time from minimum (idle) to max boost pressure (open throttle) at all times so the rider knows the engine load condition.

New feature for 2012 model

ENGINE

Supercharged, intercooled 1,494 cc four-stroke, Rotax with four valves per cylinder	Supercharged, intercooled 1503 XHO Rotax 4-TEC engine provides reliable ultra-high performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
Multi-port fuel injection	Better control of exhaust emission and power at all RPM ranges to reduce emissions and reduce fuel consumption.
iTC (Intelligent Throttle Control) system	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific Touring /Sport mode, ECO mode and Variable Trim System that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl Learning Key™	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level. Each of the two settings can be fine-tuned using the mode/set buttons.
D-Sea-Bel™ system	Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Closed-Loop Cooling System	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
Water/air separator	Provides maximum airflow to engine and reduces water intrusion.
Watertight digital ignition	Provides optimal energy for a consistent spark, ensuring maximum performance.
RPM limiter	Protects engine from over-revving.
Warning device	Warns operator of engine and exhaust overheating, engine management and system failure.
Handlebar-mounted start/stop button	Engine starts and stops with single, user-friendly control button.
Tip Over Protection System (T.O.P.S.™)	Protects engine in case of turn over.

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system	The world's only on-water braking system, iBR lets you stop up to 100 feet sooner than any other watercraft ¹ . All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Sea-Doo Direct Drive propulsion system	Delivers optimum performance with the Rotax engine.
Replaceable UHMW ² wear ring	Provides long impeller life, less maintenance and maximum thrust.
Dual automatic vacuum siphon pumps	Continuously removes water entering the engine compartment.
Large diameter drive shaft with crowned spline design	Maintains engine and pump alignment at all operating speeds.
Stainless steel impeller	Delivers improved acceleration, higher top speed and less cavitation.
Aluminum stator vanes	Handles the high-performance engine without erosion.

WARRANTY

BRP limited warranty covers the watercraft for one year.

OPTIONS

Removable wakeboard rack	Removable dry bag for front storage
Ski mode	Protective cover
Slow mode	Glove box organizer
Cruise control	Sandbag anchor
Depth finder	Safety kit
Fold-down reboarding step	Fire extinguisher
Speed Tie™	Advanced TEC Trailer
